Presented by Milpitas High School Partnership Academies

•Academy of Digital Business

•Academy of Engineering & Technology

•Academy of Travel & Tourism

Academies are college bound programs with a career or technical focus in partnership with industry. Students enter as sophomores and complete the curricula in three years. An academy is a smaller *school-within-a-school*. Each team of teachers works with business to integrate class subjects and projects as well as provide relevant business experiences. Students focus on the academy career path through specific curricula, industry and college tours, guest speakers, mentors in 11th grade, summer internships between 11th and 12th grades, student recognition and motivational activities and scholarship opportunities.

Money raised directly benefits these programs.

For more information, please call Irene Schlag (408) 942-2781 FAX: (408) 942-2771
